Cutting Instructions for 1- 11’ unfinished block and 1- 8” Block – both are “on point” blocks

Background - (1) 11” Square

(1) 8” Square

Heart Fabric - (1) 9” x 10¼” Rectangle

Fusible (1) 8½” x 9¾” Rectangle

NOTE – Use *Steam-A-Seam Reg or Lite, Heat and Bond Lite or a similar two-sided fusible web.*

1. Take off the first release paper and Center the fusible on the back of the 9”x 10¼” Heart Fabric. Press lightly just to stick - not too long or hot **Fig A**.
2. Fold the Fused Fabric in half short ends together with the fusible facing out, giving you a 9” x 5 1/8” rectangle. Firmly finger press the folded edge.
3. Rough cut out the Large Multi Heart Pattern. Trim the pattern paper on the center line. Pin the Pattern to the rectangle with the center line on the fold. Put a pin in each of the hearts 1 thru 4 **Fig B**.
4. Cut out the #1 Large Heart, then the #2 medium heart, then the #3 small heart then the single #4 small heart.
5. Fold the large and small background squares in half on the diagonal and finger press.
6. Open the heart shapes and remove the release paper. Lay the Large Heart on the large background with the bottom tip 2½” from the tip of the Background Square. Press to fuse. Lay the small #3 heart with the tip ½” from the large heart. Press to fuse. Place a #4 small heart above the Large Heart with the tip ½” from the large Heart. Press to fuse **FIG C**.
7. Finger-Press the 8” background on the diagonal. Place the Medium #2 heart with the tip 2” from the bottom tip of the Background Square. Press to fuse.
8. Stich around the raw edges of all hearts on both blocks with a coordinating thread. Use a small open Zig Zag or a straight stitch.

Bring both blocks and the extra #4 small heart to guild. There will be two drawings.
